## San Francisco Bay Area Events

The stillness of meditation and the dynamic inquiry of satsang are a potent combination for realization. Accordingly, Mukti offers satsangs and meditations locally in the San Francisco Bay Area.

### Silent Retreat Days

At any time, one can turn attention and tend to the longing or resolve of their innermost being. However, some find amidst life's busyness and challenges that without support this is not easy, nor is it always possible to get away for a longer silent retreat.

Mukti brings the flavor of extended silent retreats to a daylong format, in which participants can come together in silence with the common intention to discover who and what they truly are. The daylong format includes 3 short satsangs, interspersed with periods of meditation. Outside of satsang, the day will be one of shared silence.

Mukti will offer silent retreat days in the following Bay Area locations as well as in many of the cities listed in the Travels column.

## Extended Retreats

Mukti offers extended retreats to nurture the emergence of spirit into consciousness. Retreat is for those who are willing to set aside personal agendas and to give all of themselves to that which is unconditioned. It is this unconditioned that reveals Itself to be the one true reality of each of us and all of existence.

These retreats offer an opportunity to share a common intention to discover the truth of what is. To support this intention, all retreats are held in deep silence, except for the time together in satsang. In addition to satsang, the daily schedule includes several periods of meditation and a session in easy qi gong movement. Both satsang and meditation are suited to penetrating heartfelt questions and, along with shared intention, create a synergistic combination for Self remembrance.

Prior to 1996, when she began studying the nondual, Zen-flavored teachings of Adyashanti, Mukti studied the teachings of Paramahansa Yogananda for over 20 years. In her own teachings, Mukti points audiences back to their natural state of wholeness or undivided consciousness. Licensed in acupuncture and

certified to teach hatha yoga, Mukti has a love of the whole, in form as well as the formless.
